Metrik

Museum Franz Gertsch, Burgdorf, Switzerland. Jörg + Sturm Architekten AG, 2002. Metrik cantilever chair: Organic. Ergonomic. Iconic.

Metrik

186 range, design: whiteID

Metrik's unique appearance opens a new chapter for cantilevered chairs with its organic curves, polygonal surfaces, and rounded edges incorporated into one unified body. The seat seamlessly fuses with the tubular frame, and is further integrated visually with one consistent color throughout.

With a spacious form, Metrik provides extra comfort along with an integrated seat cushion and an option for additional back upholstery. Its distinct design and range of colorways welcomes it into a diverse range of design environments. The chrome-plated frame allows for convenient stackability up to six chairs.

Cantilever chair
Up to six stackable

The contemporary, sculptural but nevertheless understated form is just as eye-catching as the colors it comes in.

Hard-wearing materials and superior comfort predestine Metrik for co-working and multipurpose areas.

Metrik's versatile design means it's easy to combine with other table and office chair ranges.

The chrome-plated frame makes Metrik an impressive stackable chair for cafeterias, training rooms and seminar spaces.

Frame surfaces

Bright chrome-plated tubular steel, coated black, grey, grey-beige, orange-red, blue-grey or white with a textured matte finish

Seat and backrest shell

Black, grey, grey-beige, orange-red, blue-grey or white
