## Sitzbock.

Nowadays, a big challenge businesses face is to find ways of nurturing a team spirit and animating staff to stop and chat, brainstorm and collaborate. These two new eye-catchers have what it takes.

The Sitzbock pommel horse seat comes in black, white, grey or orange. Just like a real horse, people can sit astride or ride “side saddle” or use it to lean on. At just 4.8 kg in weight, they’re easy to place in groups for spontaneous meet-ups, stack cross-wise or pick up and put on patios for a while. There’s also an optional anthracite, light mottled, graphite or mango-coloured felt “saddle blanket”. Grouped in small herds, the Sitzbock pommel horse seats conjure up an atmosphere that’s just as playful as it is ergonomic and invites interaction.

## Function

A pommel horse seat weighing just 4.8 kg that's ideal for informal interaction in kitchenettes, bistros and workshops and enables a range of different postures: users can lean on it, sit side saddle or position themselves astride it.

## Body/frame

Four-leg seat made of through-dyed polyethylene in black, white, grey or orange-red with non-slip multipurpose glides. Also suitable for temporary use in outdoor rooms. Up to four pommel horse seats can be stacked across one another. Optional felt blanket in anthracite, a light mottled hue, graphite or mango with a rubber underside which is attached with ten expanding rivets.

## Please note:

Can be used outdoors. When exposed to ultra violet rays for long periods of time, the colours of plastics can change slightly. Felt is a natural product. Therefore, there can be differences in the colour. These differences are not a justified reason for complaint but underscore the material's uniqueness.
